AMERICAN AND FOREIGN PATENTS
R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 70 STATE, OPPOSITE KILBY ST.,
BOSTON.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or foreign works, to determine the validity or utility of Patens or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library on legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superor facilities for obtaining patents
All necessity of a journey to Washington, to procure a patent, and the usual great delay there are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most reputable and successful* practitioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*
"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.
"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."
From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

NEWPORT DAILY NEWS.

THE LAWYER'S REVENGE

A Tale of the Common Law.

BY LEGULEIUS QUIDAM, ESQ.

(*Continued.*)

The evidence was brief, but decidedly to the point. It consisted chiefly of a series of letters from the defendant, which established, very conclusively, the following *facts*: first, that after a long and assiduous courtship, on his part, she had given the plaintiff an unequivocal promise of her hand and heart; and second, that some time after, and when Sam had already commenced his arrangements for their union, she had dismissed him in a manner equally decisive, and had ever since persisted in treating the whole matter as a tiresome jest, which none but the very dullest of suitors would ever have considered earnest.

Here the plaintiff rested. Evidence for the defense there was none, for the nature of the case rendered it impossible. Miss Bessie could hardly deny her own delicate handwriting; and it was in vain to attempt showing anything in the life or conduct of the staid, sober, prosperous lawyer, which would justify the breaking of a solemn engagement.

Squire Littleton, therefore, who was his daughter's only counsel, addressed himself at once to the jury. He spoke to them not so much as an advocate, as in the manner which became an old man reasoning with his neighbors. All that the plaintiff had shown, he said, was undoubtedly true. It was his hard lot to stand there, in his old age, and confess that his darling child had done much to grieve a fond parent's heart. She had committed what, in his own eyes, seemed a grievous sin; for she had broken her word. But this, he argued, was not the place or the manner to punish such offences. The law of contracts never was intended to be a substitute for the tribunal of conscience. If the plaintiff could show that he was pecuniarily the loser by her fickleness, the jury might compensate him. If he could show that any more advantageous match had been lost, any prospect of advantage blighted, any outward loss or suffering entailed upon him, these were matters of which they might properly take cognisance. But of this there was no pretence.—The injury inflicted had spent itself in the inmost heart. That it was an injury, a deep and galling one, he most humbly confessed; but it was one which could not be estimated in dollars and cents. The highest verdict claimed would not mend the plaintiff's heart one whit; the lowest possible would more than compensate his pocket.

All this seemed to me very good sense; and yet I was convinced that it would have but little weight with the jury. In private life those twelve men would each probably have reasoned in the same manner; but in the jury-box they felt it their solemn duty to compensate, with pecuniary damages, all the sufferings and evils of the world.

Flourish knew well this idiosyncrasy of jurymen, for it is one by no means confined to the panel of Oudamoun county; and he framed his reply accordingly. Under the charm of his fervid eloquence, Sam (who, in rugged hearth, and with a bag full of briefs, sat just behind him) became the most dejected, the most blighted, the most broken-hearted of sufferers. Bessie (who sat on the other side, with that same bewitching smile as of old, rendered only still more fascinating by a puzzled look, as hardly knowing whether to laugh or cry,) grew into the most artful and dangerous of foes to human happiness, whose power for ill those intelligent jurymen were called upon to destroy, by the all-powerful spell of exemplary damages.

Mr. Flourish wiped the perspiration from his brow, and sat down; and the jury were charged in the most approved manner.

If the gentlemen of the jury were convinced, said his Honor, that the plaintiff should have a verdict, they would, of course, give him one, unless, in the exercise of a sound discretion, and upon a careful review of all the facts in the case, they thought fit to find for the defendant. As for the measure of damages, that, of course, was entirely within their province; yet at the same time, he might be allowed to suggest that if they took one view of the case, those damages might be estimated at a high rate; while if, on the contrary, they took a different view, it would be highly proper not to give so large a verdict.

With these lucid instructions, the jury retired, just as the tavern bell over the way rang for dinner. Shortly, however, had we reached the door when we saw them filing into the court-room. Behind the judge, with anything but satisfaction on his face, and back crowded lawyers, clients, and audience, to learn the result.

I had not judged wrongly as to the relative effect of the two speeches on the jury; but I own I was somewhat astounded when the foreman, after declaring that they found for the plaintiff, added, in a firm and distinct voice, "with damages, five thousand dollars."

"You have given a stunning verdict," said I to Sam, as we walked to the tavern to dinner, "but how much will you realize from it?"

"Nothing, now."

"I see," was my rejoinder, "Bessie" will be an heiress one of these days.

"Squire Littleton's property would not pay his own debts, if he died to-morrow," replied Sam. "People here think he is rich. I know him to be insolvent."

"In the name of wonder, then," exclaimed I, "how do you ever expect to be compensated for the time and money spent in getting this verdict?"

"Do you remember the 143d page of the first volume of Blackstone?"

Of course I could not acknowledge to my old fellow-student that I did not, but, as I found it impossible to recall the precise doctrine taught on that particular page, I discreetly dropped the subject.

To Our Readers.

On Friday of this week we shall publish the first number of the New Series of our weekly paper, the terms and prospectus of which will be found in another column.

The Weekly News does not commence its career with the disadvantages of a new enterprise. Our Daily edition is now in its thirteenth year; and we are happy to say that its circulation was never so large, or its continued prosperity and usefulness so well assured as at present. The Weekly Journal heretofore issued from the same office was merely discontinued a few weeks ago in order to complete more extended arrangements for publishing in its place the present sheet, and making it in all respects a first-class family and general newspaper. The Weekly News is in fact only a series of the periodical which commenced its course in the closing years of the last century, and under the successive names of the Guardian of Liberty, the Rhode Island Republican, the Rhode Islander, (with which was united the Herald Of The Times) and the Weekly Journal, has now attained almost its "grand climacteric." Under its new title we hope to publish a paper which shall yield in merit to no one of its line of predecessors, and shall excel them all by the advantages which are enjoyed at the present day in collecting the contents as well as in executing the mechanical work of such a paper.

In the article of news, we shall endeavor to justify our name by furnishing in each number a compendium of all that has been really noteworthy at home or abroad, during the week; and the force we are obliged to employ for this purpose on our daily edition, will give us facilities for this not enjoyed by weekly papers not so connected with a daily. In addition to this we intend to have regular correspondents in various towns within the field of our circulation, whose letters will represent the peculiar interests of each locality. A due proportion of space will always be filled with matter intended particularly for family reading, of which a great part will be written expressly for our columns. One or more choice stories, original or selected, will constantly be in course of publication, and especial attention will be given to literary intelligence and to reviews of new books.

Each number will contain a considerable amount of agricultural matter and directions for practical farming, not made up, as is too often the case, of pilferings from old almanacs and other journals, but prepared expressly for this paper by an experienced person, and expressly adapted to the climate and soil of our own State. To this shall be added full and correct market reports, the number of advertisements will be limited, and those only of good character admitted. By this, readers shall have room for a greater variety and mass of reading matter and general intelligence.

The Weekly News will partake in politics the same independent course with the Daily, supporting the principles of the Republican party, but owning allegiance to no particular body. It will make no professions of neutrality on questions where the editor believes one side to be right and the other wrong, but will steadily oppose the further aggressions of the Slave-power upon Northern rights, will advocate a judicious protection of Northern industry, and a thorough reform in the wasteful and undignified policy of the present administration.

In all these matters however, we prefer rather to be judged by actual conduct, and by the well-known course already pursued by the Daily, than by mere professions or promises. If our readers find us always striving for the right, always upholding the cause of morality and good order; always candid but decide in opposition to that of which we cannot approve; always careful that every line shall be written or selected for some good purpose; we shall ask their support with confidence; if not, we shall neither deserve nor expect it. Those who are already familiar with the columns of the News in its daily edition, will need no assurance of our intentions here; and those to whom the sheet will come as a new acquaintance, can soon judge of us for themselves. That the acquaintance thus formed may be long and mutually satisfactory, is the earnest wish, and will be the constant effort, of the Publisher.

Careless Lawmakers.

A curious, but unfortunately not a rare instance of the carelessness with which our legislation is too often conducted, is presented by the recent action of the Michigan Legislature in abolishing Grand Jurries. We doubt ourselves whether the change would not be a benefit, but it conflicts directly with the following provision of the Constitution of the United States:

"Amendment V. No person shall be held to answer for a capital or otherwise infamous crime on a presentment or indictment of a grand jury, except in cases occurring in the land or naval forces, or in the militia when in actual service, in time of war or public danger."

As the Legislature have undoubtedly the right to abolish Grand Juries or prevent them from meeting, it would seem as if the result of this reform were that no man can now be punished in Michigan for any capital or otherwise infamous crime. If a man strikes another without injuring him he may be fined and imprisoned: but if the blow kills him, the murderer goes scot-free.

The Pawtucket Gazette, noticing the recent Republican ratification meeting in this city, says:

"The formidable list of vice-presidents embraced many influential names that we did not suppose were on the Republican side."

We were ourselves somewhat taken aback by this list of Vice Presidents, comprising, as it did, some of the strongest of the strong men in our city, and not a few of those who have heretofore been reckoned as the most prominent and influential of the opposition leaders. The truth is, we now begin to suspect, that the solid men of Rhode Island, and of our city especially, are getting heartily sick of allowing themselves to be led by a little clique of aspirants who have organized an American-Republican party for no other purpose under heaven than to promote their own selfish purposes. The Journal, which is the organ of this clique, evidently perceives that its party is every day growing weaker in numbers, and that not long hence it will be begging for admission into the Straight Republican fold. It has persevered in its crushing out operations, until few men who respect themselves as politicians were willing to follow it any longer.

At the American-Republican ratification meeting, held a short time before that above referred to, it was found impossible to complete a list of Vice Presidents that should prove strong enough to sustain the reputation of the party, without using at least one name without the consent and against the protestations of its owner.—*Prov. Post.*

The Independent says that the family of the venerable Lyman Beecher are holding a reunion this week at the house of the Rev. H. W. Beecher, in Brooklyn. All the children are present except James, who is now in China, engaged as Chaplain to the Seamen at Hong Kong. Their names, in the order of their ages, are as follows.—Miss Catharine Beecher of Hartford; the Rev. William Henry Beecher of North Brookfield, Mass.; the Rev. Dr. Edward Beecher of Galesburg, Ill.; Mrs Mary F. Perkins of Hartford Conn.; Mrs. Harriet Beecher Stowe of Andover, Mass.; the Rev. Henry Ward Beecher of Brooklyn; the Rev. Charles Beecher of Georgetown, Mass. Mrs. Isabella Hooker of Hartford, Conn; the Rev. Thomas K. Beecher of Elmira, N. Y. The absent son, the Rev. James Beecher, is the youngest of the children. The father of this goodly progeny, the Rev. Dr. Beecher, is now in his 84th year.

LOCAL INTELLIGENCE.

Each number will contain a considerable amount of agricultural matter and directions for practical farming, not made up, as is too often the case, of pilferings from old almanacs and other journals, but prepared expressly for this paper by an experienced person, and expressly adapted to the climate and soil of our own State. FIRE IN FALL RIVER, R. I.—We are permitted by A. H. Palmer, Esq., to copy the following despatch received at the telegraph office in this city yesterday morning:

FALL RIVER, March 21st, 1859.

A fire broke out, about 5 o'clock yesterday morning, in the mill owned by Chace & Trafford, at Mount Hope Village, and used by them for the manufacture of common warp, by J. M. Davis & Co. as a thread mill, and A. G. Thurston as a machine shop. The mill was totally destroyed. Loss about $15000; insurance about $10000.

ANOTHER BIG EGG.—A hen, belonging to Mr. Edward C. Hayes, of this city, who had doubtless read in last Friday's News the account of the extraordinary performances of Mr. Sherman's goose, was stimulated to make trial of what she could do; and though quite a small hen, and a "new beginner," at that, she actually produced an egg weighing 3 1-2 ounces. Let the members of the genus hen take courage, especially the smaller ones, remembering that "what hen has done, hen can do."

WHAT'S THE CAUSE OF IT?—An English journal claiming to be well posted on such matters, sets it down as a fact that American ship competition is diminishing at all the British harbors, and that, therefore, the distress complained of by British shipowners cannot be ascribed to any increase of American pressure. To sustain its view the journal in question gives these figures, derived from official records: In 1856 the entries and clearances of American vessels amounted to 1,378,631 tuns, and 1,441,664 tuns respectively; in 1857 to 1,214,464 tuns, and 1,295,934 tuns, and in 1858 to 1,186 tuns and 1,229,171 tuns.

AN EFFECTIVE WEAPON. At a levee lately held by Queen Victoria, the honor of knighthood was conferred on Captain Armstrong, in acknowledgment of his new invention in artillery, by which an effective cannonade can be carried on at a distance of eight miles. He has also been appointed engineer to the War Department for rifled ordnance. Other inventors are likewise active in the same field, and a Mr. Warry, it is said, has made a breech-loading cannon capable of firing ten balls per minute with great accuracy of aim against an object at a distance of two thousand yards. Captain Armstrong's gun is fired in the old-fashioned manner, and therefore admits of only one round per minute.

EDITOR'S BOOK TABLE.

WAVERLY NOVELS: HOUSEHOLD EDITION. 16 mo. Ticknor & Co. Boston. For sale by Ward, Newport.

The two concluding volumes of this beautiful and convenient edition are upon our table being the only ones we have seen—except Waverly and Guy Mannering, with which the series commenced. The fifty volumes of which the whole series consists form in themselves a library of choice fiction: and the excellence with which they are printed, and the handy fireside size of the volumes entitle them to a preference over any other edition ever published in this country. The last volume contains also a Synopsis of each novel with a list of the characters introduced: the chronological order of subjects, an Index of the characters, and another of the notes, to the whole set; and a Glossary. The scenes and characters created by the pen of the Northern Magician have become such stock subjects of art, of criticism and of allusion in literature or conversation that these indexes supply a want which must often be felt by those who have not the whole set at their finger's end, and will prove a convenient aid even to the most enthusiastic student of the author of Waverley.

THE LADIES' AMERICAN MAGAZINE *for April*—(Henry White, No. 7. Beekman st. N. Y.) is again on our table in advance of its contemporaries. A large proportion of the contents is from the ever-welcome pen of Charles G. Leland, (Mersier-Korl of the Knickerbocker) who is understood to be the Editor. The ladies find themselves especially suited with pages on pages of latest news on dress.

NEWSPAPER PERSONALITIES.—A late number of Blackwood's Magazine discusses the expediency and propriety of editorial writers, for newspapers, appending their signatures to articles, and decides against it. Among the remarks are the following on the American press:

"At the head of every journal the editor's name is printed in conspicuous letters; and the result is—what? Are writers afraid to comment severely? Does the publicity of the newspaper organization make the journalists timid, circumspect, considerate of the feelings? It does just the reverse. The personalities in which almost every newspaper throughout the Union indulges are sometimes astounding. One New York paper, during the late panic, published the name of every gentleman who bought a silk dress for his wife or gave a dinner party to his friends! We all know how common it is for the American journals to criticise by name the personal appearance of ladies at balls and at watering places. It is quite possible that American ladies may be found to relish such notoriety; but such notoriety is here regarded as not less un-English, than, on the other hand, is the secrecy of the ballot.

The feeling that would actuate an American editor in so boldly intruding upon privacy would be something like this: "Here am I, known to my subscribers and readers, not merely in an official capacity, not merely as a mysterious editor, but as a private man. I give my name and address—Jonathan Slick, of 31st street. But since all the bowie-knives and revolvers of the Union know where I am to be found, and since I stand before the world in my proper person, I have a right to greater liberty than if I sheltered myself behind the brick wall of a low, cowardly, anonymous usage; the editor and the man shall be identified; everything I hear or see shall be public property; I am but an engine of publicity; my private character is swallowed up in my editorial function, and I may indulge in personalities which pass current in conversation, but which, if I were an anonymous scribe, I could not have the audacity to print." Such is the natural result of the system.

We do not, indeed, presume to say that a system is omnipotent, that license is impossible under a good system, and the moderation is out of the question under a bad system. We are speaking of probabilities, of the results that naturally flow from certain causes which we are quite capable of appreciating. As a fact, we find that in the only free press in the world which ignores the principle of the anonymous and is at the same time powerful and well developed, personality is a common vice. In the only other free press which exists, and which is also powerful and well developed—namely, in the English press—we find the law of anonymity nearly absolute, and concurrently with this law we find that personality is almost unknown.

NEWPORT DAILY NEWS.

SPRINGFIELD, March 21.

GREAT FLOOD.—Heavy rains on Friday and Saturday on the Upper Connecticut valley caused a greater flood on Saturday than that of last Wednesday. The river here was stationary at above low water mark on Sunday, and over twenty-six feet at Hartford. The bridges at Walpole and Charleston, N. H., were carried off. The flood is only one inch less than that of 1854, which was the highest ever known. The water is now receding.

WHITE RIVER JUNCTION.—The freshet has been unusually severe in this section. Three large highway bridges across the Connecticut river between here and Bellows Falls was considerably injured. The river is now falling rapidly; the ice is all out, and the weather clear and pleasant.

NEW YORK, March 21.

FROM NEW YORK.—The malt house of West and Van, Vliet in West street, was burned yesterday. Loss $20,000; insured in this city.

A peddler named Bernard McGaffney was arrested last evening on suspicion of being implicated in the murder of Mike Walsh. The police are after another suspected party.

Frightful Railroad Accident.

Albany, March 20.—A frightful railroad accident happened between Flamboro and Dundas. The storm washed away the bank, and the engine ran into a chasm nearly twenty feet deep, with a portion of the train. The locomotive, two passenger and baggage cars went in. The scene presented a horrible sight. A terrific storm was prevailing at the time, and large quantities of water washing over the mountain, which rendered it very difficult in succoring the wounded and extracting the dead. The cars were a perfect mass of ruins; the engine was buried in the soil. The night freight train passed over the spot in safety a half an hour before the accident. The baggage car fell on the locomotive; the passenger car fell on the baggage car, and the second passenger car slid under the upturned end of the first passenger car, and the third running into this had a carried away. Six killed. Many wounded.

From Washington.

Washington, March 19.—All the special mail agencies, seventeen in number, have been discontinued, and the order granting compensation out of the postage, affecting some eighty postmasters, has been revoked. It is untrue that the Postmaster General threatened to resign unless an extra session of Congress is called.

Mr. Sickles' trial has been put down for Monday week. Ex-Senator Badger, of North Carolina, has, it has been said, been engaged to assist the District Attorney in the prosecution.

General Geo. P. Morris, Editor of the Home Journal, has been appointed Consul at Havre.

TRENTON, N. J., March 17, 1859.

The Joint Meeting of the Legislature of New Jersey, this afternoon, has resulted in filling the vacant country offices with Republicans, and in electing to the United States Senate, for the next six years, the Hon. John C. Ten Eyck of Burlington County. The vote stood:

John C. Ten Eyck (Republican)	42
Peter D. Vroom (Democrat)	34
Wm. Wright (Democrat)	3
Robert E. Stockton (Democrat)	2
Whole number	81

Mr. Ten Eyck is a sound Republican, and will be an honor to the State; and, when in the Senate, will rank with the first and best men, in point of talent, honor and integrity. He is about forty-five years of age. We rejoice that Wright's vacant seat is to be filled by so true a man.

Medicines.

THE LIVER INVIGORATOR.
PREPARED BY DR. SANFORD.
Compounded Entirely from Gums,

IS One of the best Purgative and Liver Medicines now before the public.

SANFORD'S LIVER INVIGORATOR

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Billious attacks are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents nightmare.

Only one dose taken at night, loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

One dose of two tea-spoonfuls will always relieve Sick Headache.

Only one dose immediately relieves Colic, while

One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for Jaundice removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose often repeated cures Chronic Diarrhoea in its worst form, while Summer and Bowel complaints yield almost to the first dose.

A few bottles will cure Dropsy by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of a Billous type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

☞ Mix Water in the mouth with the Invigorator, and swallow both together.

Price one dollar per bottle

TESTIMONIALS.

Richmond, McHenry Co., Ill., Dec. 8, 1858.

Dr. S. T. W. SANFORD—Dear Sir:—I am here on my mission ground, and feel myself under great obligation to your Medicine for bringing me here, fitted for active service. I have used it myself and given it to my family, and have found it to be all that is recommended to be—a specific for Head Ache, and Dyspepsia, and Jaundice. I have used it freely, and used it all; but am afraid if I fare as others do, I shall be obliged to test its efficacy in Fever and Ague. I have looked in several Apothecary Shops here, and do not find it; it should be here.

Very respectfully yours, &c.,
REV. L. R. LOCKWOOD.

Dec. 20th, 1858.

I have used the Liver Invigorator, prepared by Dr. Sanford, in my family during the past Summer, and have found it to be a Medicine of great value for the purposes for which it is recommended. It has also been used by others in my congregation, from whom it has received high commendation.

Gents:—I have the pleasure to assure you that the *Sanford's Liver Invigorator* purchased of you for use in my family, has proved equal to my *highest expectations*; and I have recommended it to many of my friends similarly afflicted. I feel that it is almost a specific in such complaints, and am willing that you should use my name for the good of the afflicted, if by so doing they may be induced to try it and be relieved.

Assuring you of my continued health, I remain, very respectfully, your ob't servant,
JAMES G. BLAKE.

Certificate.—I have used your valuable medicine in my own family with great success and have mentioned it in the local columns of my paper. I am, generally speaking, opposed to patent medicines, but your Invigorator makes an honorable exception.—By it my wife was entirely cured of twenty years' sick head-ache. With highest regard, yours most obediently,

HOWARD ASSOCIATION, PHILADELPHIA.

A Benevolent Institution established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Chronic Diseases.

THE Howard Association, in view of the awful destruction of human life caused by sexual diseases, and the deceptions practiced upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a Charitable Act worthy of their name, to open a Dispensary for the treatment of this class of diseases, in all their forms, and to give **Medical Advice** Gratis, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty, to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhoe, Seminal Weakness, Impotence, Gonorrhea, Gleet, Syphilis, the vice of Onanism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important but much despised cause.

An admirable Report on Spermatorrhoea, or Seminal Weakness, the vice of Onanism, Masturbation, or Self-Abuse and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report, or treatment, Dr. George R. Calhoun, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.

A CARD TO THE LADIES.

Dr. Duponco's Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully efficacious in correcting, regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 182 Thames street, corner Church street; and at 12 Washington Square, opposite State House. Orders for the trade so advertised will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to *STURGIS & CO.*, Box 801, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country a26—

TO THE LADIES.—The celebrated Dr Hughes particularly requests all ladies who may need a medical or surgical adviser, to call at his rooms, No. 13 Howard street, Boston, which they will find arranged for their especial accommodation.

Dr. Hughes having devoted over 18 years to this particular branch of the treatment of diseases peculiar to females, it is now conceded by all, (both in this country and Europe,) that he excels all the other known practitioners in the safe, speedy and affectional treatment of all female complaints.

Dr. Hughes French Renovating or Female Monthly Pills are to be had genuine only at this office.

These pills are unrivaled in efficacy and superior virtues in regulating all female irregularities. Their action is specific and certain, producing relief in a very short time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders, who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the old doctor at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country, with directions.

The best of accommodations furnished for the sick, with kind and attentive nurses, if they wish, at a reasonable rate.

This office is strictly private, with special apartments for ladies, and is so arranged that it is impossible for patients to come in contact with each other.

Recollect the number—13 Howard street.

N. B. All secrets are most strictly confidential.

All letters will be promptly answered. Address Dr. J. B. Hughes, 13 Howard st., Boston.

CONFIDENTIALLY to the afflicted.—Dr. J. B. Hughes still continues his old establishment, 21 Howard Street, Boston, where he can be consulted on all private complaints. All persons in any way afflicted may rely on a sure and speedy cure being performed.

Dr. Hughes has for a number of years paid particular attention to the study and practice of private diseases, and so perfect has he become acquainted with them, that, without boasting, he will warrant an effect a cure in the shortest possible time, no matter how long standing the case may be.

In offering the result of his long study and practical experience to the afflicted, he is governed by humanity only, for so long have they been deceived by miserable quack nostrums, that it is time that some healthy mode of practice should be introduced.

The old doctor professed to be eminently skillful in curing gonorrhoea, gleet, strictures, syphilis in all its stages, primary, secondary, teriary, or hereditary seminal weakness, nocturnal emissions, general debility, impotency, and all diseases of the urinary organs. The doctor solicits a call from all who may be afflicted with any such disease, feeling confident of success, and at a great saving of time and money to his patients.

The doctor can be consulted by letter, if the disease is accurately described, medicines will be immediately forwarded, carefully concealed.

Please remember the name and No., as Dr. Hughes has nothing to do with any other office but 18 Howard st.

P. S. The best accommodations will be furnished the sick of both sexes, with kind and attentive nurses, and at a reasonable rate

All letters requiring advice must contain one dollar, or no notice will be taken of them. Address Dr. J. B. Hughes, 13 Howard st., Boston. jy1 1y d

Medicines.

DR. DOW'S GRAND MEDICAL HOUSE AND OFFICE,
NO. 7, ENDICOTT ST., BOSTON: NO. 7.
Established for the permanent cure of all Private Diseases and the Suppression of Quackery.

DR. DOW, so well known for the last fifteen years in this city, where he has confined his practice to the treatment of mercurial, syphilitic and other diseases of a private nature, is consulted as above, from nine in the morning till seven in the evening. Patients must call during office hours. Office not open on Sundays.

All chronic and difficult cases, such as have existed for years, are completely and permanently cured in the shortest possible time by the Doctor's improved course of treatment.

MEDICAL ADVICE.—As it is always important to obtain the services of an experienced and skillful physician call on the celebrated Dr. Dow, No. 7, Endicott street.—*Med. and Surg. Jour.*

DR. DOW will say nothing of his qualifications as a Physician and Surgeon, being a graduate of the University of Pennsylvania Licentiate of the State Medical Society of N. Y., and for more than twelve years a practitioner of this city, during which time he has no doubt cured more of those difficult and chronic cases (such as nothing but practical experience can ensure success) than by other physicians in Boston.

By his late improved course of practice, Gonorrhoea, Gleet, Strictures, and other local affections of the urinary and seminal organs, are cured in a very few days without mercury, *regard to diet or fear of exposure.*

SECONDARY SYPHILIS, &c.

Scrofulous affections, ulcers in the throat or neck, nodes and caries of the bones, eruptions on the skin, and every impurity of the blood thoroughly and completely eradicated. Persons afflicted with any private complaints should call as early as possible after contracting the disease, as much time and money may be saved thereby.

TO YOUNG MEN.—You who are troubled with seminal weakness, generally caused by a bad habit in youth, the effects of which are nocturnal emmissions, pains and dizziness in the head, forgetfulness, sometimes a ringing in the ears, weak eyes, &c., terminating in consumption or insanity, if neglected, are speedily and permanently cured by Dr. Dow.

TO MIDDLE-AGED OR EVEN OLD MEN, whose procreative organs have become inactive or weakened by the excesses of any kind, but especially bad habits in youth, Dr. DOW would respectfully say that from the extensive practice which he has had in treating the above complaint for over fourteen years, he is enabled to guarantee a perfect cure in all cases; that is, a restoration of those organs to their natural and healthy state. Hardly a day passes that he is not called upon to cure the above complaints, and he is happy to say that his course of treatment has invariably effected a speedy cure.

Beware of all kinds of Exhilerating Cordials, as they are of no use.

To the unhealthy, the mere mention of the name of the far-famed and justly popular physician, Dr. Dow, that he can at all times be found at home that he is surpassed by none in curing all forms of disease however protracted, ill-treated, or mercurily affected, is a consolation to his patients, and an honor to himself.—*Balt. Amer.*

All afflicted with private complaints, if possible, should consult Dr. Dow, whose medical education is not surpassed by any physician in the country. In his skill, honor and integrity, all may rely with safety, while most all of the medical practitioners are without honesty or responsibility, their pretensions being grounded in ignorance and assumption.—*Republican Argus.*

There are a great many young men whose cases have become very difficult of cure, either from neglect or ill-treatment. We would advise all such to call on Dr. Dow, of Boston, whose practical experience in certain diseases no doubt exceeds that of any other physician in America.—*Journal of Health.*

Dr. Dow consults with physicians, as usual, on difficult chronic diseases. Charges reasonable.

TO FEMALES.

All diseases peculiar to females, such as suppressions, irregularities, &c., speedily and effectually removed. The efficacy of his remedies for the cure of the above affections, has been well tested in his extensive practice for the last fifteen years in this city, and never was known to fail in effecting a cure where the directions were followed a reasonable time. m10—6m

REV. C. W. DENISON, Buffalo, N. Y.—"I find it excellent for the hair."

M. HOFFMAN, Esq., (Editor of German Weekly,) Boston, Mass., and his wife Eva; say—"It causes hair to grow vigorously—gives beauty and splendor—is better than European articles," &c.

C. H. STOCKING, Esq. (Trinity College,) Hartford, Ct.—"By using it my hair turned from a sandy to a brown color; it was naturally dry, but it is now moist."

A. F. WOOD, Chemist, New Haven, Conn.—"I saw a fair head of very dark hair on a man that six weeks ago was bald. He had used nothing but your Rosemary," &c.

REVERE HOUSE, Boston, July, 1857. "I had no more hair on my head than an infant, seven months ago. It is now thick, healthy, growing rapidly, and of a fine, dark color. I can positively say that J.
